

COVID-19 & BREXIT UPDATE JANUARY 2021

**ENTEC REMAINS FULLY OPERATIONAL – DELIVERY OF PPE ALSO AVAILABLE**

We are pleased to confirm that Entec International remains fully operational despite the COVID-19 crisis. Your teams continue the provision of our full 3PMRO service. In addition, we have secured **warranted and approved** sources for **workplace PPE available for global delivery**.

We are adhering to government guidelines and operating under COVID secure conditions. Some staff are working from home, while others are in the office/warehouse/client sites observing appropriate social distancing. However, wherever they are based, all members of the Entec team are working normal hours and are available via the usual email or contact numbers.

Entec has grown its business over recent months, providing services in 8 new countries across the Americas region. Accordingly, we are expanding our operations to meet additional demand, have implemented flexible working hours and are introducing more people to the team aligned to the new business contracts.

We have worked hard to ensure that Entec were prepared for Brexit, as far as was possible, we are pleased to report that the departure of the UK from the European Union has not affected our operations. All changes to ways of working are being closely monitored to ensure we remain competitive within a streamlined supply chain.

During these challenging times, we remain committed to providing our usual best-in-class service and will continue to manage clients' supply chains with our usual efficiency. We appreciate your business and look forward to providing full support as we move into 2021.
